Rijeka, 21 April 2026

Pursuant to Article 34 of the Statute of the University of Rijeka (CLASS: 030-01/25-01/07, REG. NO.: 2170-137-01-25-1 of 28 March 2025), in accordance with Article 52 of the Rules on the conditions, application procedure, implementation of examinations for enrolment and ranking of candidates for study programmes as established by the Agreement signed by the National Centre for External Evaluation of Education, the Agency for Science and Higher Education and the Rectors' Conference of the Republic of Croatia in 2025, and on the proposal of the Expert Council for Teaching and Learning, the Senate of the University of Rijeka, at its 3rd session held on 21 April 2026, adopts the following:

DECISION on determining the opportunity cost of an unfilled enrolment place

I

This Decision determines the opportunity cost for candidates who do not enrol in study programmes of the University of Rijeka and its constituents, although they have acquired the right to enrol in a study programme and have been assigned an enrolment number in the NISpVU system.

II

The opportunity cost of an unfilled enrolment place shall amount to two thirds of the annual tuition fee determined by a Senate decision for each academic year. The amount of the opportunity cost for individual study programmes shall be determined by the University constituents.

III

The University constituents are authorised to regulate, by a special decision or another general act, the application of the opportunity cost referred to in Point II of this Decision in other cases resulting in an unfilled enrolment place, in particular in the event of withdrawal from the study programme or deregistration of a student shortly after enrolment.

IV

A candidate who fails to pay the opportunity cost may not reapply for enrolment in a study programme at the same level at the University of Rijeka and its constituents. The candidate shall be allowed to reapply for enrolment in a study programme after payment of the opportunity cost.

V

The constituents shall publish the decisions referred to in Points II and III of this Decision on their websites before the start of the enrolment procedure, or before the conclusion of the study contract to which the decisions apply.

VI

This Decision shall enter into force on the day of its adoption and shall apply to enrolment procedures from the academic year 2026/2027 onwards, until the Senate adopts a different decision.
